THE MANHATTAN Life Insurance Co., OF NEW YORK.

ASSETS - \$12,000,000.
BETTER THAN A GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.

For a full explanation of this plan, address, giving your full name, address, occupation and age,

J. M. Williams & Hawkins,

Of Humboldt.

Republican papers of Nevada please copy, together with Resolutions and Platform, and mail paper to the Secretary of the Republican State Central Committee, Virginia City, Nevada.

Platform and Resolutions

Adopted by the Republican State Convention held at Virginia City, Nevada, September 4th 1890.

The record of the Republican party is its best platform.

No political party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of a State as to encourage the development and settlement of a continent, none has elevated a nation and so contributed to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its birth, the representative of all that is best and noblest in its own country and hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its homestead system, and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The names of its heroes are legion, and the deeds of Fremont, Lincoln, Grant and Garfield will shine like electric lights on the pages of history.

The Republicans of Nevada, in convention assembled, heartily endorse the acts of the fifty-first Congress, which has made greater advances in correct and needed legislation than any since the war.

The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that congressmen are paid by the people for making laws and not bad politics.

It had, by a strictly party vote, placed the silver question on a basis that would lead finally to free coinage and disarm all opposition among financiers.

It has taken up the work of a readjustment of the tariff in a patriotic and business-like way, such as will protect the interest of labor and at the same time encourage capital to enterprise that will furnish it with employment at good wages.

News stories, which were denied their rights before, have been admitted to the Union, and the grip of Tammany Hall upon the Presidency broken.

Trusts that grow rank under Cleveland's Administration have been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A day has been provided for and suitable persons granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of a large region, where the Republican policy of free homes and free schools can be extended.

Unpaid land grants are being restored to the public domain, and the land thrown open to settlement, and in all things the pledges of the National platform are being simply redeemed.

We endorse the Administration of President Harrison and commend his conservative course as striking in contrast with his predecessor in office.

During the former Administration liver and wheat touched the lowest price ever known, and farmers burned their corn for fuel. Trains were stimulated, finances rearranged, strikes prevailed, the mail service was demoralized and business found itself oppressed instead of being encouraged by the methods of the government, whose whose business should be to benefit the country.

Today silver, wheat, and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally destroying our prosperity they are culpable for the results of their undoing. They would be for crime. Under Harrison Chinese and coolie labor are kept out of the country, American laborers and mechanics protected, agriculture is encouraged by a department intelligently conducted for its benefit, and the laws administered in a wise, firm and patriotic manner.

We pledge our nominees to a system of State improvements which shall save the water now running to waste, and devise means to secure its use in the irrigation of the fertile lands now lying idle.

We endorse the measure introduced by a member of our party to settle the lands within our lines to the State for the purpose of aiding to improve our watercourse and irrigation system, and we appeal to Congress and the President to grant this much-needed aid.

We endorse the course of our Senators and Representative in Congress, and commend their efforts to establish on a better basis the use of silver as money, and reaffirm our uncompromising devotion to the free coinage of both gold and silver and their equal station in our national currency.

WHEREAS, The practice of lifting mail contracts in this State to the detriment of the people, who seek and obtain such contracts only for the purpose of subverting the same, has resulted in an infirm and impaired mail service;

Resolved, That our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of naval and coast defenses, the fostering of free schools and popular education, the enforcement of a free ballot and a fair count, cherishing the defenders of our country, the protection of every citizen in his rights at home and abroad, the fostering of a policy that will extend our commerce, the settling of all foreign claims by arbitration, and a liberal appropriation by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That at the coming election the question as to whether or not a Constitutional Convention will be held is submitted to the people, that we earnestly invite a calm and thorough discussion of the question during the Campaign.

Resolved, That it is the policy of the Republican party of Nevada to secure all safe and possible retracements in public affairs, and especially in dispensing with unnecessary offices and useless deputies in adjusting salaries upon a basis of services performed, decreasing the per diem an mileage and shortening the session and lessening the number of members of the Legislature, in the reduction of taxation and in consolidating county offices and diminishing county expenses, and to end we pledge the nominees of this convention and earnestly ask that the nominees of the several county conventions be likewise so obligated.
